You(th) App

JANUARY - MARCH 2024

The You(th)App training offered participants the following:

- Sharing different youth work realities in Slovenia, Croatia, Romania and Europe.
- Joint ventures and sharing of innovative methods and experiences in youth work.
- Exchange of participatory budgeting practices in youth centers/organisations and municipalities and other good practices of youth participation.
- Discovering techniques and toolkits for mental health and self-care, especially important for youth workers to better support young people.
- Testing the app for young workers, created as part of the You(th)App project, and collecting feedback from the participants.
- Creating a personal project that will be upgraded and implemented by the end of June in the community where the youth worker comes from and presents it.

JANUARY - MARCH 2024

The young participants built connections and felt empowered for their ambitious endeavours by having a new lasting community for their projects.

Constant exchange of knowledge, networking, lifelong development, practical and theoretical education are key to resilience and bridging personal and social gaps in today's rapidly advancing digital and innovative environment.

JANUARY - MARCH 2024

Follow up on the You(th)App training from youth workers across Europe :

- In the recognized context of lack of mutual trust, young people are in the most unfavourable situation. Next to them, the youth workers specifically are disadvantaged as they cannot carry out their activities, cannot support themselves financially and cannot achieve the desired effect at the national level due to the lack of standardization in their field of work.
- Therefore, the personal projects must be completed by the end of June 2024 so that the fruitful exchange can continue and the application testing can bring a platform for a sustainable exchange of visions for young people and workers.
- The creation of personal projects will provide an opportunity for young people to work together and pave their way for a better and more prosperous future in communities.

YOU(th) App seeks to exploit the research results for long-term innovative policy proposals for youth work and approaches for coordinated practices at all levels.

JANUARY - MARCH 2024

YOU(th)App partners' representatives held the meeting in Maribor with the aim of reviewing the already achieved results of the project and discussing the general guidelines for upcoming activities.

They have also celebrated achieved milestones, satisfactory internal reports, and successfully completed more than half of the project.

The following period will be more favourable for collecting fruits after a great kick-off and quiet development of numerous deliverables.

One of the priorities was the development of the application and timely testing by strategic organisations and youth workers dedicated to the comprehensive empowerment and encouragement of youth work.

Application named 4You(th)Work will include different useful tools (notepad, timer, group maker, protocols) and also numerous resources relevant to [#youthwork](#)

APRIL - JUNE 2024

In anticipation of the You(th)App application, Nefiks have started planning training on the use of the application for engaged youth workers in Europe. In October 2023, partners agreed on the robust content of the YOU(th)App.

In May 2024, Inkubator Sreće continued working on the development of the 4You(th)Work app, expected to be in the final version soon and therefore tested by ambitious young workers. High-level organizations and youth workers will be invited to contribute by sharing feedback on the usefulness and functionality of this app - meant to be a continuous joint work in progress.

APRIL - JUNE 2024

In mid-May the You(th)App partners discussed the stage of the application development and the initial plans for the final event with the relevant European stakeholders, to be delivered by Moral Diplomat. The final online event will gather EU officials and European stakeholders relevant to the youth field and committed to youth comprehensive reinforcement and encouragement of youth workers.

To foster sustainable and inclusive growth and employment of young people in the fast-changing world, thereby contributing to improved well-being, fairer income distribution and greater economic, social and territorial cohesion in the Union, the You(th)App project advocates support in tangible investments in structured, (e)valuated and officially recognized activities of youth workers, and in intangible nurturing of cultural heritage /cultural diversity. #youthapp ”
